RG104 E-1 Box 136 Oct-Dec 1885

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., November 20 , 1885

Sir:

Before your Ordinary Expense Account for the month of September can be passed to the accounting officers for examination and settlement it will be necessary to have satisfactorily ex-plained the bill of the Baltimore and Ohio Telegraph Company, which accompanies that account as a voucher for $2.99, the method used for computing the charges not being understood either in this Bureau or in the Stationery Division of the Department.

Take, for instance, the following telegrams:

"Aug. 14, fm Washn 35/34". The actual number of words in this message, including the word "Director", is 35, exclusive of address and signature, and the charge 34 cents.

"Aug. 24, fm Washn 19/18." Here the total number of words to be transmitted, as shown by the press copy, was 25, which included address, signature, and title "Acting Director".

In the telegram "Aug. 31, to Washn 22/12," as filed in this Bureau, there are twenty words, nine of them in the address, signa-ture and title. The charge, however, is but 12 cents. So that the figures 35, 19, and 22 do not represent, in all cases, either the number of words sent or to be sent by the telegraph company, or

the number to be charged for.

Please give the matter early attention and return the bill,corrected if necessary,as soon as practicable.

In regard to the pay rolls,in cases where the designa--tion or compensation is changed during the month without trans--fer to another department of the Mint,you are respectfully requested not to cause the name of the employe to appear on several rolls for partial pay,as now,but to have it noted as many times as may be necessary consecutively.

Very respectfully,

R. E. Preston

Acting Director.

Hon.Daniel M.Fox,

Superintendent U.S.Mint,

Philadelphia.
